Our ref: **TRO IF/18-SMA**

Dear Resident

Oxford: Various Locations Iffley Village Proposed No Waiting at Any Time Controls

Following concerns about inappropriate parking in the above roads, we are currently investigating the possibility of introducing no waiting at any time controls (double yellow lines) at the above locations. Their primary purpose is to prevent parked cars from obscuring visibility and to allow the safe passage of traffic.

We are therefore seeking your views on the enclosed plan (0004/A3/00111), showing the extent of the proposals. This is to help us shape the design before we ask Oxfordshire County Council to prepare the necessary legal documentation and carry out the Formal Consultation.

At this stage any comments should be sent to:

TRO IF18/-SMA
Oxford Direct Services
Highways and Engineering
Cowley Marsh Depot
Marsh Road
Oxford OX4 2HH

Or email highways@oxfordds.co.uk, using the subject **TRO IF/18-SMA**

And arrive before noon on Wednesday 5th December 2018

Subject to there being sufficient funds our proposals (with possible modifications) will be sent to Oxfordshire County Council who will then advertise the proposals formally for public comment.

Yours faithfully,

S. M. Axtell

Stephen Axtell B Eng.
Traffic Technician.
